

Match Report - Sunday 20th September

Boys Under 16 Wessex League

Camberley 2 - Woking 2

A hard fought battle that although we the majority of the ball found us one nil-down at half time, we agreed we had to work on the passing with firmer more accurate passes and cut out the silly tackles that were giving away free hits. It was also felt more shots at goal were needed. We played the second half much better with an early goal from a short corner. With some great runs through the middle from Fraser Hope we soon scored again putting us 2-1 up. Unfortunately Camberley equalised. 2 -2 with 10 minutes to play, in those last 10 minutes Woking worked extremely hard to try and get that elusive 3rd goal which unfortunately didn't come but certainly not through lack of effort.

Looking back at the game I think it's fair to say, not a bad effort for our first match of the season with some spells of good hockey. Some great individual performances from Fraser, Jack and Harry Thomas. I also think there are things we can learn; we need to pass firmer and more accurately and we need to shoot earlier or work together in the oppositions D. Rather than keep dribbling looking for a clear swing, slip it back to the team mate beside you who already has that clear swing. We get the ball in to attack very well we just need to develop that killer goal scoring attitude!

A few boys were a bit late and missed the warm up please be on time for all matches and training, I know the warm up is a bit dull but it is very important.
